

SAME QUALITY AS SUNGUARD+™ IN A BIGGER, BOLDER CONTRAST STITCH

UV
RESISTANCE

CHEMICAL
RESISTANCE

New Sunguard+ BOLD™ has many features of QTN's Sunguard+™ UVR Bonded Polyester, in a larger size – B207/T210. Size B207/T210 is typically used in heavy-duty sewing applications such as awnings & shade, automotive, marine, outdoor furniture, tarps, covers, and anywhere durable stitching is necessary.

Sunguard+ BOLD™ is a UVR bonded polyester thread that goes through a state-of-the-art twisting, bonding and dying process to ensure the highest quality of colorfastness and performance.

Other benefits:

- Maximum UV resistance
- Chemical resistance
- Mold & mildew resistance
- Retains 15% more strength than other polyester threads
- 12 colors available in 8-ounce spools
- Made in the U.S.A
